

Analysis of TSA claims data

Dan McGregor

Overview of the data set:

- TSA claims data from 2002-2017 in .pdf and .xlsx format from <https://www.dhs.gov/tsa-claims-data>.
- Tables contain over 220,828 unique claims
- The 13 columns are:

Claim Number	Date Received	Incident Date	Airport Code
Airport Name	Airline Name	Claim Type	Claim Site
Item Category	Claim Amount	Status	Close Amount
Disposition			
- See <https://github.com/mcgregor36/TSA-claims> for the code used in this analysis.

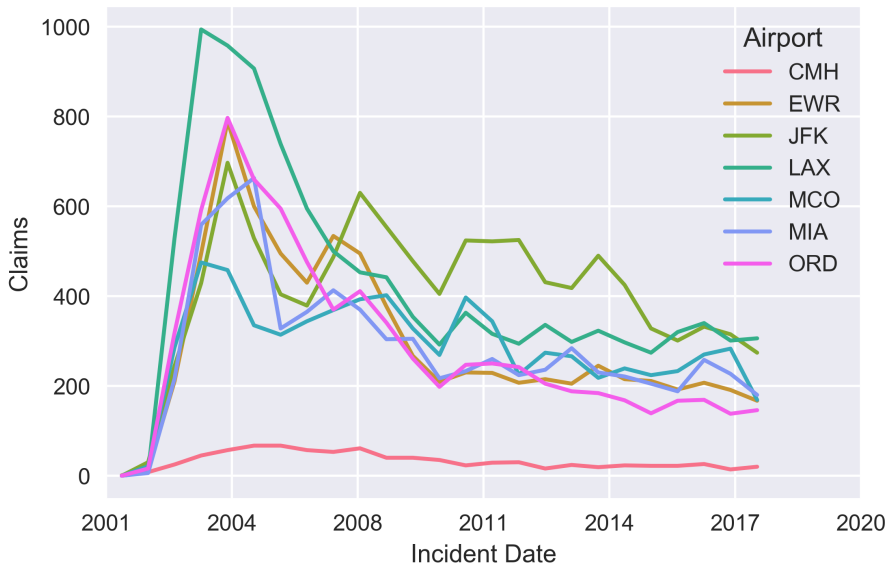

All Claims Over Time
